#72-208

Order of the Board (by Mr. Currie):

The petition for variance to allow a connection to a sewer tributary to the North Chicago sewage treatment plant is hereby dismissed without prejudice, for reasons to be stated in an opinion August 22. Our entering an order before the opinion is written is necessitated by the statutory requirement that we decide variance cases within 90 days after their filing. An amended petition may be filed.

Mr. Lawton dissents, believing the petition should be granted.

I, Christan Moffett, Clerk of the Pollution Control Board, certify that the Board adopted the above Order this 15th day of August, by a vote of 4-1.
