SUPPLEMENTAL STATEMENT (by J. Theodore Meyer):

Although I ordinarily dissent in these types of enforcement cases (see Will County Environmental Network v. Gallagher Blacktop, PCB 89-64, January 11, 1990 dissenting opinion), I voted in favor of the Board's opinion in this case because respondents did not appear at hearing or participate in this proceeding in any way. Therefore, the only information in this record shows a violation of the Board's regulations. I join in the Board's opinion and order.
