Carbondale, IL 62903

COMMENT OF Patty Weyhrich ON R18-18 REGULATORY RELIEF MECHANISM

It is imperative that the Pollution Control Board should adopt regulations that protect our water as possible as soon as possible. Delays allowing polluters meet compliance with clean water standards need to be allowed only after a strict review and then with a definite and timely deadline.

I live in Carbondale, IL by Cedar Lake and enjoy kayaking, swimming, and walking near the lake, which is also the city's reservoir. A factory farm was built ¼ mile uphill from the water in December 2015. I find this irresponsible to the community; people, animals, and plants, as well as future generations. Water is our most important resource and needs to be given priority over development, otherwise we as a society will have an

unhealthy future.

Please make sure that the final rules that come out of R18-18 cause our rivers, lakes and streams to be clean up as soon as possible.

Thank you for your attention to this matter.

Patty Weyhrich
