PUBLISHER'S CERTIFICATE

Electronic Filing. Received, Clerk's Office 12/26/2017

Notice Statement for Publication per 35 IAC 106.1135

I, Kathleen Lewis, publisher of the Robinson Daily News, do hereby certify that I am the publisher of the Robinson Daily News, a daily secular newspaper of general circulation regularly published in the City of Robinson, County of Crawford and State of Illinois; and I further certify that the notice, a copy of which is attached here to; in the matter of:

Statement for Publication per 35 IAC 106.1135

was published once in said newspaper, the insertion being on the 21st day of December A.D. 2017, and I further certify that the said Robinson Daily News was regularly published continuously for more than one year in the City of Robinson in said county, next preceding the first publication of said notice, and that I am duly authorized to make proof of matters published in the said Robinson Daily News.

Given under my hand at Robinson, Illinois, this 22nd day of December A.D. 2017.

On December 15, 2017, Marathon Petroleum Company LP ("Marathon") filed a Petition to Approve Alternative Thermal Effluent Limitations with the Illinois Pollution Control Board ("Board") (PCB Docket #PCB 2018-049). Marathon is seeking alternative thermal effluent limitations for its integrated petroleum refinery located at 100 Marathon Avenue, Robinson, Crawford County, Illinois ("Refinery"), pursuant to 35 Ill. Adm. Code § 304.141(c), Section 316(a) of the Clean Water Act, and 35 Ill. Adm. Code Part 106, Subpart K. The Refinery produces petroleum-based fuel products to meet consumer demands in this region. As part of the refining process, the Refinery discharges treated water into Robinson Creek.

Marathon requests that, in lieu of the existing temperature limitations in Marathon's National Pollutant Discharge Elimination System ("NPDES") Permit based on 35 Ill. Admin. Code §§302.211(d) and (e), the Board approve the following alternative thermal effluent limitations for discharges from the Refinery's Outfall 001: Water temperature in Robinson Creek downstream from the MPC 001 outfall at a point instream in the vicinity of the IL Route 1 bridge shall not exceed the maximum limits in the following table during more than one (1) percent of the hours in the 12-month period ending with any month. Moreover, at no time shall the water temperature at such location exceed the maximum limits in the following table by more than 3°F (1.7°C). (Robinson Creek temperatures are temperatures of those portions of the creek essentially similar to and following the same thermal regimes as the temperature of the main flow of the creek.) The average water temperature in Robinson Creek downstream from the MPC 001 Outfall at a point instream in the vicinity of the IL Route 1 bridge for the period June 16-September 15 shall not exceed 87°F.

	Jan.	Feb.	Mar.	April	May	June
°F	65	65	74	82	88	90
°C	18.3	18.3	23.3	27.8	31.1	32.2
	July	Aug.	Sept.	Oct.	Nov.	Dec.
°F	90	90	90	87	85	74
°C	32.2	32.2	32.2	30.6	29.4	23.3

In lieu of 35 Ill. Admin. Code § 302.102(b)(8), the following shall apply: the area and volume of mixing shall extend from the MPC 001 Outfall to a point instream in the vicinity of the IL Route 1 bridge.

Marathon Petroleum Company LP is located at 539 South Main Street, Findlay, Ohio 45840-3295. Any person may cause a public hearing to be held in the above-described proceeding by filing a hearing request with the Illinois Pollution Control Board within 21 days after the date of the publication of this notice. The hearing request should clearly indicate the docket number for the proceeding, as found in this notice, and must be filed with the Clerk, Illinois Pollution Control Board, 100 W. Randolph Street, Suite 11-500, Chicago, Illinois 60601.
