Subject: [External] Protect Illinois" air: R2018-20, Amendments to 35 Ill. Adm. Code 225.233
Date: Thursday, December 28, 2017 8:11:10 AM

Dear IL Pollution Control Board Assistant Clerk,

Air pollution increases rates of respiratory system disorders, including, of course, asthma and cancers. It also increases cardiovascular system disorders, including coronary artery disease and heart attacks and strokes. Do you want Illinois to be a sick state with bad public health statistics and high Medicaid expenditures? There are many clean power options these days; there's no excuse for going back to fossil fuels.

Sincerely,

Megan Smigasiewicz
