BOARD ISSUES SUPPLEMENTAL OPINION IN MODINE SITE SPECIFIC FOR SECOND NOTICE (R87-36)

On February 22, 1990, the Board proposed for Second Notice site specific relief for Modine Manufacturing Company for its facility in Ringwood, McHenry County. The proposed standards include site specific effluent standards for total suspended solids and biochemical oxygen demand ("BOD₅"), and are proposed as SSection 304.221. The Board had included the relief regarding fluoride within the Board's effluent standards at Section 304.221 instead of including that relief in the water quality standards at Section 303.430 as proposed at First Notice, and allowed for comment on this change.

On March 8, 1990 both Modine and the Agency filed comments which persuaded the Board that the form of the fluoride exemption as proposed at First Notice is preferable to the form proposed in the Board's February 22 Opinion and Order. Accordingly, on March 22, 1990, the Board adopted a Supplemental Opinion and Order containing the earlier form for Second Notice. The Second Notice Opinion and Order and Supplemental Opinion and Order are available upon request of the Clerk of the Board. Questions may be directed to Michelle Tarallo at 815/753-0947.

BOARD SCHEDULES HEARINGS IN R89-15

Hearings are scheduled in IDENR Evaluation of Underground Injection R89-15. The purpose of the hearings is to review the Department of Energy and Natural Resource's study of underground injection of hazardous

wastes to determine whether any Board regulations need to be modified or eliminated as a result of this study.

Hearings will be held on Thursday, May 17, 1990 at 10:30 a.m. at the Municipal Building, Council Chambers, 7th & Monroe Streets, Springfield Il. and on Tuesday, June 5, 1990 at the State of Illinois Center, 100 West Randolph Room 9-031, Chicago, Il. Please contact Karen Rosenwinkel (312) 814-3665 regarding deadlines for submitting pre-filed testimony and questions or for any further information.

BOARD DETERMINES NO EcIS IS NECESSARY IN R90-7, AMENDMENTS TO 35 Ill.Adm.Code 501, AGRICULTURE RELATED POLLUTION

On March 22, 1990, the Board determined that the preparation of an Economic Impact Study ("EcIS") is not necessary in the proceeding at this time. Both the Department of Energy and Natural Resources and the Agency recommend that the Board determine that no EcIS be prepared. In its Order, the Board notes that it expects sufficient economic information to be gathered at hearing. The Board further noted, however, that Section 27 of the Environmental Protection Act allows for the Board to change its determination that an EcIS not be prepared if the proposal has been substantially modified or if information in the record indicates that an EcIS would be advisable. For further information, interested persons may contact Michelle Tarallo at 815/753-0947.

BOARD AND STAFF ACTIVITIES

Chairman Marlin was on a panel discussing how Illinois Regulatory Agencies interact with industry and each other on March 1, 1990. He appeared with Bernard Killian, Illinois Environmental Protection Agency Director, Christine Zeman, Chief of Environmental Control for the Illinois Attorney General, and Ken Westlake of the United States Environmental Protection Agency. The conference was sponsored by the law firm of Ross and

Hardies and Warzyn Engineering.

On March 17, 1990 Dr. Marlin presented awards to retiring directors at the 70th Annual meeting of the Douglas County Farm Bureau.
