

ENVIRONMENTAL REGISTER

No. 401

March 21, 1990

LANDFILL RULES ADOPTED FOR FIRST NOTICE, R88-7

At a special meeting held on March 1, 1990, the Board adopted, for first notice publication in the Illinois Register, a revised set of proposed regulations to establish comprehensive design, performance, and reporting requirements for all landfills, including those on-site facilities exempt from the requirement to have a permit pursuant to Section 21(d) of the Act. These rules contain amendments in response to public comments received on a prior version of the landfill rules adopted by the Board in February, 1988 and published in 12 Illinois Register 7069 (April 22, 1988). Adoption of a second first notice proposal was required by Section 5.01 of the Administrative Procedure Act, which requires that rulemaking be completed within one year of appearance of the rules in the Illinois Register. The one year period had expired during the time the economic impact study was being prepared by the Department of Energy and Natural Resources.

The proposed rules are scheduled to appear in the March 6, 1990 Illinois Register. The 177 page proposed rules are explained and supported by a 45 page proposed Opinion of the Board and a 258 page technical document prepared by the Scientific/Technical Section. These materials were mailed on March 8 to in-excess-of 250 person and organizations who are on the Board's notice list in this proceeding. Due to the ever-increasing costs of duplication and reproduction, the Board will provide single copies of these materials free of charge but persons and organizations requesting

multiple copies will be charged at the Board's usual rate of \$0.25 per page.

Requests for copies should reference Docket R88-7 and be made in writing to Velma Scott at the Board's Chicago Office.

A single hearing has been scheduled to receive final comments on this proposal:

Friday, April 6, 1990
10:00 a.m.
State of Illinois Center
Conference Room 9-031
100 W. Randolph Street
Chicago, IL 60601

Preference in scheduling will be given to persons who prefile testimony, or outlines of testimony, on or before March 30, 1990 consistent with the directions in the March 8, 1990 Notice of Hearing. Due to the unusual number of hearings held to develop and explain this proposal, in Docket 88-7 and its predecessor R84-17, and the length of the previous public comment period, the Board does not anticipate scheduling any more than this single hearing and anticipates that the public comment period will be closed April 30, 1990, the 45th day after Illinois Register publication.

Additional information can be obtained by contacting the Hearing Officer, Kathleen Crowley at (312) 814-3620.

BOARD DENIES EAST MOLINE'S REQUEST FOR SITE-SPECIFIC RULE, R87-35

At its March 8, 1990 meeting, the Board denied the City of East Moline's petition to adopt a site-specific rule to exempt the City's public water supply treatment plant discharge from the effluent standards for total suspended solids, iron and manganese (35 Ill. Adm. Code 304.124). East Moline's discharges currently are directed to an unnamed tributary to the Mississippi River; the City did offer to construct a direct pipeline to the river as an alternative to treatment, if the Board determined that continued discharge to the unnamed tributary was unacceptable. The City stated that the cost of compliance measures, which it estimated at \$750,000, made compliance economically unreasonable, noting the area's recent economic reversals, the purportedly minimal effect on the Mississippi River and its unnamed tributary, and competing public works projects needed by the City.

A number of threshold legal issues were raised, including whether the unnamed tributary (which the City referred to as a "ditch") is a "water of the State", and whether the Board could grant the proposed rule consistently with the federal NPDES "anti-backsliding" provisions. The Board, citing previous case decisions, held that the tributary is a protected "water of the State" and that "anti-backsliding" provisions do not apply.

As to environmental impact, the Board found that the unnamed tributary was significantly impacted, both in terms of sediment deposition and impact on benthic invertebrate organisms. As for the river, the Board noted that the City did not clearly demonstrate the plant's effects; further, the Board rejected site-specific rulemaking as a device for abandoning the State's traditional use of technology-based standards.

As for economic hardship, the Board rejected arguments based on East

Moline's current economic climate. The Board noted that the economic downturn of the area, being relatively recent in origin and, hopefully, temporary in nature, does not warrant permanent relief. The Board found that the temporary 10% rate hike (about \$2 per month per household) which the City stated would be needed if its request were denied was not economically unreasonable.

BOARD ADOPTS RCRA UPDATE, R89-9

On March 8, 1990, the Board (7-0) adopted a final Opinion and Order in R89-9, the RCRA update for USEPA rules adopted during the period January 1 through June 30, 1990. The rules will be filed with the Code Division around April 9, 1990.

This update to the hazardous waste rules includes the "second third" waste bans and amendments to the "three tier" RCRA permit modification rules.

Questions about these rules should be directed to Morton Dorothy at (217) 333-5575.

BOARD ADOPTS UST UPDATE, R89-10

On February 22, 1990, the Board (7-0) adopted a final Opinion and Order in R89-10, the UST update for USEPA rules adopted during the period October 27, 1988, through June 30, 1989. This update period includes all USEPA amendments since the initial readoption of the program in R88-27 and R89-4. The rules will be filed with the Code Division around March 22, 1990.

These amendments correct minor errors in the adoption of the program.

Questions should be directed to Morton Dorothy at (217) 333-5575.

BOARD PROPOSES UST UPDATE, R90-3

On March 8, 1990, the Board (7-0) proposed to update the UST rules to include USEPA amendments during the period July 1 through December 31, 1989. These amendments concern termination of insurance coverage. The Board will receive public comments for 45 days after the date of publication in the Illinois Register. To get on the mailing list, contact

Morton Dorothy at (217) 333-5575.

This update is related to the January 11, 1990, proposal, in R89-19.

That proposal would allow the use of the UST State Fund to meet the financial assurance requirements of 35 Ill. Adm. Code 731. R89-19 appeared on February 23, 1990, at 14 Ill. Reg. 2791. The public comment period in R89-19 will run through April 5, 1990.

BOARD AND STAFF ACTIVITIES

Board Member Jacob Dumelle spoke

on "20 Years of Environmental Protection" before the faculty of Glenbard North High School in Carol Stream on March 1. On March 11 he spoke in Batavia before the Human Ecology Group on "Air Toxics in the Breathing Zone: Diesel Exhaust and Leaf Burning Smoke".

On March 6, 1990, the Board's Intergovernmental Affairs Attorney, Phillip Van Ness, participated in the "Environmental Management Workshop Series" sponsored by the Illinois Chamber of Commerce. Mr. Van Ness's presentation focused on the Board's role and procedures in permit appeals.

Board Member Ronald C. Flemal gave a talk to participants of the Northern Illinois University Chatauqua Conference on "Development of Groundwater Policy" on March 11, 1990.

He also is a member of the Environmental/Chemical panel reviewing proposals submitted under the Illinois Technology Challenge Grant Program.

On March 15, 1990, Board Member Bill Forcade gave a speech to the Geography Club of Northeastern Illinois University in Chicago. The speech was entitled "Earth Day 20 years later, our environmental health"

FINAL ACTIONS - MARCH 8, 1990 BOARD MEETING

- PCB 87-139 Thomas and Lisa Annino v. Browning-Ferris Industries of Illinois - This matter was dismissed on the Board's motion and the docket closed.
- PCB 87-201 Monsanto Co. v. IEPA - This matter was dismissed on petitioner's motion.
- PCB 88-122 Waste Management of Illinois, Inc. v. IEPA - This matter was dismissed on petitioner's motion.
- PCB 88-151 Citizens Utilities Company of Illinois v. IEPA - The Board accepted the Agency Recommendation and denied petitioner variance from the Board's public water supply regulations concerning Standards for Issuance and Restricted Status relating to combined radium-226 and radium-228 for its Cook County facility. Board Member R. Flemal dissented on both the Order and the Opinion. Board Members J. D. Dumelle and B. Forcade concurred on the Opinion.
- PCB 89-78 Moline Corp. v. IEPA - This matter was dismissed on petitioner's motion.
- PCB 89-101 A.R.F. Landfill Corp. v. IEPA - This matter was dismissed on petitioner's motion.
- PCB 89-104 In The Matter Of: Metropolitan Waste Systems, Inc. and Chicago West Pullman Transportation Corp., success-in-interest to Chicago Rail

- Link - This matter was dismissed on petitioner's motion. Board Member J. T. Meyer abstained.
- PCB 89-160 IEPA v. P.L. Dillon Limestone, Inc. an Illinois Corp. - The Board accepted the Stipulation and Proposal for Settlement which found respondent violated the Act and Board air pollution regulations and imposed a fine of \$1,500 concerning its Jo Daviess County facility.
- PCB 89-161 IEPA v. Technical Products, Inc. - The Board accepted the Stipulation and Settlement Agreement which found respondent in violation of the Act and Board air pollution regulations, imposed a fine of \$3,000, and ordered respondent to cease and desist from the alleged violations at its Cook County facility. Board Member J. Theodore Meyer dissented.
- PCB 90-34 Burlington Northern Railroad Co. v. IEPA - The Board accepted the Agency Recommendation and granted petitioner provisional variance from the Board's waste disposal regulations relating to 90-day on-site storage of hazardous waste at its Knox County facility.
- AC 88-76 County of DuPage v. E & E Hauling, Inc. - The Board Ordered respondent AC 88-77 to pay into the General Revenue Fund \$1,896 as compensation for assessed DOCKET Bhearing costs and closed the docket. Board Member J. Anderson dissented.
- AC 89-122 IEPA v. Stryker International - The Board found respondent violated Sections 21(p)(12) and 21(p)(1) of the Act and imposed a fine of \$1,000.
- AC 89-202 IEPA v. James Laurenzana - This matter was dismissed on the Agency's motion.
- AC 89-230 IEPA v. Ronald Griffith - This matter was dismissed on the Agency's motion.
- AC 89-293 IEPA v. Land & Lakes Co. - This matter was dismissed on the Agency's motion.
- AC 89-306 IEPA v. Walter Rockamann - The Board found respondent violated Section 21(a)(1) of the Act and imposed a fine of \$500.
- AC 90-7 IEPA v. Roger Smith - The Board denied respondent's petition for relief from the Board's Default Order of February 22, 1990.
- AC 90-14 IEPA v. W.W. Sanitation, Inc. - The Board found respondent violated Section 21(p)(5) of the Act and imposed a fine of \$500.

NEW CASES MARCH 8, 1990

- PCB 90-26 Morton International, Inc., v. IEPA - Petitioner seeks review of Agency imposed terms and conditions in its permit application for its McHenry County facility. Accepted for hearing.
- PCB 90-27 Shell Oil Co. v. IEPA - Petitioner seeks variance from the Board's water pollution regulations for its Madison County facility. Accepted for hearing.
- PCB 90-28 USS Steel, a Division of USX Corp. v. IEPA - Petitioner seeks variance from the Board's water pollution regulations for its Cook County facility. Accepted for hearing.
- PCB 90-29 Laclede Steel Co. v. IEPA - Petitioner seeks variance from the Board's water pollution regulations for its Madison County facility. Accepted for hearing.
- PCB 90-30 Granite City Division of National Steel Corp. v. IEPA - Petitioner

seeks variance from the Board's water pollution regulations for its Madison County facility. Accepted for hearing.

- PCB 90-31 R. Lanvin & Sons, Inc. v. IEPA - Petitioner seeks variance from the Board's water pollution regulations for its Lake County facility. Accepted for hearing.
- PCB 90-32 Multi-County Landfill, Inc. v. IEPA - Petitioner seeks review of permit denial for its Douglas County facility. Accepted for hearing.
- PCB 90-33 National Steel Co. v. IEPA - Petitioner seeks review of certain Agency imposed permit conditions for its Madison County facility. Hearing authorized.
- PCB 90-34 Burlington Northern Railroad Co. v. IEPA - See Final Actions.
- PCB 90-35 Pollution Control Industries of America v. IEPA - Petitioner seeks review of permit denial for special waste hauling at its Cook/Sangamon County facility. Hearing authorized.
