

ILLINOIS POLLUTION CONTROL BOARD
June 13, 1975

HERBERT F. BANGERT,)
)
 Complainant,)
)
 vs.) PCB 74-295
)
 CITY OF QUINCY,)
)
 Respondent.)

ORDER OF THE BOARD (by Mr. Henss):

On May 28, 1975 Complainant filed a document entitled "Motion for Modification of Order Entered May 8, 1975, to Grant Rehearing to Complainant". In paragraph 5 of the Motion Complainant alleges that upon rehearing he would be able to prove certain facts. Most of the facts which are mentioned in that paragraph were actually addressed in the hearing which has already been held in this litigation. Before ruling upon the Motion, however, the Board would like to receive more information regarding paragraph 5(e) of the Motion which states: "A sewer system could safely be inserted through nearby storm sewers, if necessary, to achieve proper depth below the frost-line." Complainant shall amplify paragraph 5(e) by providing the engineering data and statement to establish the method of safely inserting the sewer system through the nearby storm sewers. Respondent shall also address that issue. Each party shall have 30 days from the date of this Order for the filing of the additional information.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted this 13th of June, 1975 by a vote of 5-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
