As Regards to stuff on property Pic. # 33
is a spare tire for my trailer and
water was dumped out daily, It rained
the night before and that is why it was
full and why they rutted my ditch in
front of house.

Photo # 1 is materials stacked to
build roof structure over scrap bins.

Photo # 4 is my scrap bins that the
health dept. came out and approved.

Photo 6 + 7 is a spot that I didn't
get cleaned up missed it in the weeds.
It is now disposed of.

Photo 8 is a bucket that is now cleaned up.

Photo 9 is of a tire lot 6 I cleared
up off Jackie's property that was laying in
the creek, it fell out of my inloader when taking
to the house. If they would have looked at
serial # would have seen it was 33 yrs old.
Longer than I had my property. there are
over 10,000 on the property over there ^(banking) Buried.
They were put there by Rich Taylor ~~to~~ and
brought from Plaza Tire in 1985.

Photo 10 is dead that I am removing
when spring breaks I will have cleaned up.

Photo 11 is Camp fire next to camp ~~site~~
 site where a funeral stayed. Pipe is
 Exhaust pipe off of bulldozer.

Photo # 12. Brush burn pile has one
 2-4-in it has been cleared up.

Photos 13, 14, 15, Also same brush pile.

I spent alot of time with letters and
 photos last time, and it didn't do me
 no good. with the photos this time I
 seen no real cause for action.

I am very busy with my work, In
 the last 3 yrs since the began I have
 helped people spend over a million dollars in
 this county.

Just in 2014 we built a triplex for
 Kimberly Hall at 300,000. and 3 triplexes
 for Mary allis in Carbondale at 900,000.

A company calle Developmental Planning bought
 5 houses and converted them into cillas.
 That was a million in those.

Now I been building a 350,000. dlr house
 for a state police man working with Klara const.
~~He~~ is very busy now with his wife Bery
 in warshington with mike Post most of the time.

So im just trying to say I need
time to clean up the rest.

And ~~the~~ my girlfriend broke her
leg on dec 16th and it took 6 weeks
to get her to St. Louis to get operated
on because of Dr-in-cardinal so that
has been a major ordeal.

Just asking dont take a major
keystone out of this community.

I cant get mail unless it is sent
directly to my house, I cant take ~~the~~ work
to get it 30 miles out of the way.

Thank u.
