To whom it may concern. Wayne and Christina fisher would like to appeal the fine given to us on may 2, 16. We didn't dump anything on our property the garbage bags they took pics of had leaves in them we were saving for our garden. We were not storing garbage on our property. The things on the property were ours. we feel the fine of 6000 is extremely excessive. we have cooperated each time the health dept has come out and told us what we had to get rid of. We weren't burning doors. they were set there by accident by my brother. We have a dumpster on our property . we did take some metal in to the metal yard we have receipts for this. I understand we should get a ticket for the yard. But not a six thousand dollar fine. We didn't hurt anyone. We will continue to keep our yard clutter free from now on. Sent copy to poloution board and gls county. CF
