Dear Director Pollet:

Board Docket R13-20

I am writing to request that your Department conduct an economic impact study concerning the above rulemaking proposal. On June 20, 2013, the Illinois Environmental Protection Agency (IEPA) filed the proposal to adopt a new Subpart K of 35 Ill. Adm. Code 106 of the Board's rules. Specifically, the proposal will provide procedural rules for establishing alternative thermal effluent limitations under Section 316(a) of the Clean Water Act and 35 Ill. Adm. Code 304.141. The proposal will also update Section 304.141 of the Board's regulations to include a cross-reference to the new Subpart K and to update language to reflect the United States Environmental Protection Agency delegation of permitting authority to IEPA. IEPA filed the proposal under Sections 13, 26, and 28 of the Environmental Protection Act (Act) (415 ILCS 5/10, 27, 28 (2010)) and Section 102.202 of the Board's procedural rules (35 Ill. Adm. Code 102.202).
