

ILLINOIS POLLUTION CONTROL BOARD

April 10, 1975

DANVILLE SANITARY DISTRICT,)
Petitioner,)
v.) PCB 75-139
ENVIRONMENTAL PROTECTION AGENCY,)
Respondent.)

INTERIM ORDER OF THE BOARD (by Dr. Odell)

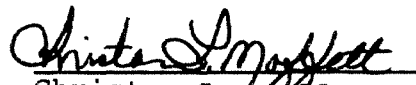

On April 1, 1975, the Danville Sanitary District (District) filed a Petition For Variance with the Illinois Pollution Control Board (Board). The District requested a variance "from April 4, 1975, until August, 1975, to complete its expansion program."

In the Board Order of April 4, 1974, in PCB 74-12, the District was granted a variance from certain Rules of the Water Pollution Regulations, subject to specified conditions that included a Project Completion Schedule with "1(d) Completion of construction by April, 1977."

In the instant Petition For Variance, the District alleges that "Since that Order was entered, the Petitioner and its engineering consultants have made every reasonable effort to comply with the schedule set in the Order of April 4, 1974. Due to the increased delivery dates and the delay, either anticipated or actual, in approving the plans and specifications for the District's plant, the District now believes that" an extended schedule for completion of construction is more realistic, with construction to be completed in August, 1978. However, documentation is not given in the instant Petition For Variance as to why a longer construction schedule is needed than was ordered in PCB 74-12. The District is hereby requested to supply additional information within forty five (45) days of this Order to support its Petition For Variance or it will be subject to dismissal for lack of adequate information. The 90-day period for final Board action under Section 38 of the Act shall begin to run from the time of the filing of the additional information, and the District shall so specify this by waiver when it files the Amended Petition.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Opinion and Order was adopted on the 10th day of April, 1975, by a vote of 4 to 0.

Christan L. Moffett
