OPINION AND ORDER OF THE BOARD (by Mr. Seaman):

Petition was received April 13, 1973 requesting a connection to the sewer at the Sherwood Forest Subdivision to the Clavey Road Plant of the North Shore Sanitary District for which no permits are now available under the Board's ban.

The hardship alleged with regard to the Deerfield School System is not persuasive.

We also point out that the North Shore Sanitary District is currently before us in PCB 73-134 and is requesting 2500 additional permits for the Clavey Road plant. If additional permits are granted then the petitioner can apply at that time.

The variance is denied without prejudice.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Opinion and Order were adopted on the 17th day of April, 1973, by a vote of 3 to 0.
