NARRATIVE INSPECTION REPORT DOCUMENT

On October 24, 2014, a Compliance Evaluation Inspection (CEI) was conducted by Charles Onyezia at BS Tires, 9500 S Merrion, Chicago, IL 60617. Phone: #773-734-4090. A complaint received by the Agency on October 16, 2014 alleged a tire stockpile at the South side of 95th Street between Paxton and Merrion. The purpose of the inspection was to determine regulatory status and evaluate compliance with The Environmental Protection Act and Title 35 Ill. Adm. Code, Part 848, Management of Used and Waste Tires. Upon arrival at approximately 11:00 A.M. (the weather sunny, 56 °F), the complainant came to join me. Shortly after Mr. Marcus Bishop (owner) arrived. I asked and obtained Mr. Bishop's permission (he opened the gate of the fenced off site for me) to enter his property to conduct an inspection.

During the inspection, I observed a trailer on site (Mr. Marcus Bishop said the trailer was full of used/scrap tires. The size of the trailer has the capacity of approximately 1400 used/scrap tires. Also, I observed approximately 1100 used/scrap tires on the ground of the site. The used/scrap tires were surrounded and inter-grown by vegetation. The water in the used/scrap tires contained larvae and pupae. Water samples collected from the used/scrap tires contained mosquito larvae and pupae [4 larvae (1-live, 3-dead & decaying), and 2 pupae (both dead & decaying)]. One live larva was identified as *Culex restuans*, and three-dead/decaying larvae as *Culex* sp. (The Lab could not go to a lower id level on the decaying larvae because they were missing necessary features to ID with accuracy).

This site was found to be out of compliance at the time of this inspection.

Apparent violations noted:

- 1 Section 55(k)(1) of the Illinois Environmental Protection Act ("Act").
- 2 Section 21(p)(5) of the Illinois Environmental Protection Act ("Act").
