### Narrative Inspection Report

**Site #:** 0558045016

**Date of Inspection:** 1/7/2015

**County:** Franklin

**Inspector:** Maggie Stevenson

**Site Name:** West Frankfort/Collins-Bencie Lane

**General Remarks:** This inspection was made as the result of a complaint (C-15-005) received by this office. The site is located at 10603 and 10633 Bencie Lane in rural West Frankfort, Illinois. The site was easily accessed by Bencie Lane. The inspection began at approximately 11:30 a.m. and concluded around 11:45 a.m. Thirteen pictures were taken at the site. Open burning had occurred at the site in at least two locations.

**Inspection Findings:** I observed open dumped mobile homes in dilapidated condition, missing doors, windows and unlevelled (photos 002, 006). They did not appear to be inhabitable. The mobile home that appeared to be lived in was missing the siding along with some insulation on the west end (photo 007). The house in photo 010 appeared to be vacant.

A bus is being used as a storage unit. Although several windows were missing in the bus, they had been boarded up from the inside and precipitation was still able to enter the bus. At least 25 unlicensed vehicles were on the property in various conditions of disrepair (photos 002, 004, 006, 007, 008, 011). There are several commercial type vehicles at the site including an ambulance, heavy duty truck with rails, a refrigerated truck and a tank type truck (propane delivery or transport). Approximately 15 tractor-trailers were at the site. One had the back doors missing and the side door was hanging loose (photo 003). There was nothing inside this tractor-trailer. It was unclear if the tractor-trailers are being used for storage or transport since none of them displayed valid license plates. One boat was observed at the site (photo 001).

Approximately 100 cylinders used in propane storage for home heating were located at the property along with other smaller cylinders and a large commercial storage tank (photos 004, 007, 008, 011, 012). General demolition debris was observed in the form of doors, windows, furnace, AC unit, dilapidated mobile homes and furniture (photos 002, 004, 006, 007, 009, 010). A large pile of general demolition debris was observed behind the small metal pole garage in photo 009).

Open burning of waste on the ground included charred metals, plastics, insulation, aerosol cans and dimensional lumber (photos 004, 005, 008). Waste tires were being stored outside off and on rims (photos 007, 009). Miscellaneous waste was strewn haphazardly throughout the areas of heavy vegetation and trees (photos 004, 006, 008, 009).

**Additional Remarks:** The waste at this site was transported into the site from other locations. A small amount of the waste was actually generated on-site (open burning, general demolition debris from home remodeling, etc.). The site is a scenic blight and a nuisance.

According to Franklin County Tax Assessor, Mr. Collins is not being taxed for any storage units. Addresses 10603 and 10633 are both listed with owner occupied exemptions. One parcel, 1126100009, is listed in the name of Bill and Susan K Collins. The other parcel, 1126100011, is listed in the name of George W (William "Bill") Collins.

**Estimated Waste:**

1. ~25 variable size tires X 20 lbs = 100 lbs
2. ~10 tire rims X 9 lbs = 90 lbs
3. ~4 cars X 15 CY = 45 CY
4. ~14 pickup trucks X 18 CY = 252 CY
5. ~5 heavy duty trucks/ambulance X 50 CY = 250 CY
6. ~2 mobile homes X 150 CY = 300 CY
7. ~1 mobile office unit X 100 CY = 100 CY
8. ~1 bus X 100 CY = 100 CY
9. ~miscellaneous waste = 500 CY
10. ~100 propane tanks (500 gallon) X 950 lbs = 95,000 lbs
11. ~1 ski boat = 3,000 lbs
12. ~15 empty tractor trailers X ~12,000 lbs = 180,000 lbs

Approximate Totals: 278,190 lbs and 1,547 CY

**Summary of Alleged Violations:**

Illinois Environmental Protection Act: 9(a), 9(c), 21(a), 21(d)(2), 21(e), 21(p)(1), 21(p)(3), 21(p)(7) and 55(a)(1).
