Further Opinion and Order of the Board (by Mr. Dumelle)

We decided the instant case on December 9, 1971 and adopted an order at that time which required the respondent to eliminate all open burning practices, rectify a faulty drainage interconnection which had been causing water pollution and to pay to the State of Illinois a money penalty in the total amount of Eleven Hundred Dollars (\$1100.00). By letter of December 15, 1971, Mr. Harold E. Crane, President of the respondent company has asked us to reconsider and rescind the money penalties assessed against Crane. No reason has been shown why the money penalty provision of the order should not be enforced and we therefore decline to rescind the order.

I, Christian L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the Board adopted the above Further Opinion and Order on the 17 day of January by a vote of 5-0.

Christian L. Moffett, Clerk
Illinois Pollution Control Board
