

ILLINOIS POLLUTION CONTROL BOARD
October 24, 1972

STERLING PARK DISTRICT

v.

ENVIRONMENTAL PROTECTION AGENCY

PCB 72-409

INTERIM ORDER (by Mr. Henss)

Petitioner on October 17, 1972 filed its Petition for Variance from Chapter 2, Part V of the Rules and Regulations of the Pollution Control Board governing open burning, requesting permission to burn leaves on park property. The application does not comply with our Procedural Rules but we will hold our Order of Dismissal in abeyance until November 21, 1972. If the necessary information is not received by the Board prior to that date we will have no alternative but the dismissal of the petition without prejudice. The Petitioner is requested to submit the following information by November 21, 1972: Description of area where burning is to take place and distance from populated areas; estimate of type and quantity of material to be burned and type and quantity of contaminants which will be discharged by burning; statement of effect the open burning will have on the public; availability and cost of alternatives to open burning, including equipment, manpower or other disposal requirements; concise statement of why the Petitioner believes the compliance with the Regulations would impose an arbitrary or unreasonable hardship; a statement of the precise relief sought including the time and place of proposed burning, the amount of the burning and under what atmospheric conditions.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board certify that the above Interim Order was adopted on this 24th day of October, 1972 by a vote of 4 to 0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
