PROPOSED SITE SPECIFIC RULE FOR)	R 14-24
SANITARY DISTRICT OF DECATUR)	(Rulemaking – Water)
FROM 35 ILL. ADM. CODE SECTION)	
302.208(E))	

HEARING OFFICER ORDER

ORIGINAL

On July 29, 2014, the Board accepted for hearing the Sanitary District of Decatur's petition for a site-specific rulemaking. The rulemaking concerns the District's Main Sewage Treatment Plant located at 501 Dipper Lane, Decatur, Macon County.

The scheduling of a hearing has been postponed at the District's request. The District filed a status report on May 2, 2016, requesting an additional ninety days before scheduling a hearing in this rulemaking. The District states that it submitted two reports to the United States Environmental Protection Agency and the Illinois Environmental Protection Agency on April 12, 2016. The District has also set up a conference call with those two parties for May 19, 2016, to discuss both reports and address further questions.

The District's extension request is granted and the District is directed to file a new status report by August 1, 2016. The status report should include the District's progress following the conference call with USEPA and IEPA as well as include a list of the next steps in this proceeding.

IT IS SO ORDERED.
