Inspection Report Narrative

This site was inspected on April 26, 2018 between 2:25 p.m. and 2:40 p.m. by Nick Burge (author of this report), representing the Macon County Environmental Management Department (MCEMD). Weather conditions at the time of the inspection consisted of sunny skies, northwest winds at approximately 10 miles per hour and a temperature in the mid-sixties. Three photographs were recorded. No samples were collected. No persons were interviewed.

General Information/Site History/Property Ownership

This rural, commercial business property of approximately twelve and a half acres is addressed as 2180 South Shores Drive, Decatur in the South Wheatland Township of Macon County and is assigned parcel number 17-12-25-377-019.

According to the Macon County Assessor's records, the property is owned by Forward in Faith Evangelistic Ministries. On November 27, 2017 Euroclydon, Inc. acquired a demolition permit from the Macon County Planning & Zoning Department in order to demolish the church that was on the property. Jennifer Gunter, Director of the Macon County Planning & Zoning Department, conducted an inspection on December 27, 2017 at which time she reportedly observed that the church had been demolished but debris had been left on-site.

According to the Secretary of State's Corporation File Detail Report, Euroclydon, Inc. is an active domestic BCA corporation. Edward E. Gunning is listed as the corporation's agent and Mark Tyus is the president of the corporation.

An initial inspection on March 08, 2018 was conducted in response to a complaint. Apparent violations were observed during the initial inspection, resulting in the issuance of an administrative citation warning notice to Euroclydon, Inc. on March 15, 2018.

This inspection on April 26, 2018 was conducted to determine the site's compliance with the Act and Regulations.

Inspection Findings

Upon arrival, I exited the vehicle and took a photograph of the mailbox on the property that showed the address of the property as 2180 South Shores Drive (photo 01). I then viewed the southeast corner of the property where the building had reportedly been demolished (photo 02). As during my previous inspection, the soil in the area appeared to have been recently disturbed and litter was present over the area.

I then continued to the northeast margin of the soil disturbed area, observing what appeared to be the same large accumulation of waste that I had observed during my previous inspection. Again, the accumulation of waste spanned approximately twenty feet east to west, fifteen feet north to south and was no more than six feet high. The accumulation of waste, which appeared as though it had been disposed of on-site, primarily appeared to consist of construction and demolition debris and soil (photo 03). Waste items observed included dimensional lumber, plastic pieces, corrugated pipe sections, metal pipe or frame pieces, drywall pieces, cement blocks, a utility pole and woody landscape waste.

Following my observations, I concluded the inspection and drove from the property.

Summary

It appeared as though construction and demolition debris from the demolition of the church building had been pushed into an accumulation and left for disposal. Euroclydon, Inc. was reportedly the contractor for the demolition of the church building that had been on the site.

Summary of Apparent Violations

The following apparent violations, which were observed during the initial inspection on March 08, 2018 were once again observed.

Environmental Protection Act 415 ILCS 5/1 et seq. (formerly Ill Rev. Stat. Ch. 111 ½, 1001 et seq.) {hereinafter referred to as the "Act"} and **35 Illinois Administrative Code.** (Title 35: Environmental Protection, Subtitle G: Land Pollution, Chapter I: Pollution Control Board) [Regulations]

A violation of Section 21(d)(2) is alleged because evidence that waste was disposed of and/or stored in a way that violates regulations and standards adopted by the Board was observed during the inspection.

Pursuant to Section 21(e) of the Act, no person shall dispose, treat, store or abandon any waste, or transport any waste into this State for disposal, treatment, storage or abandonment, except at a site or facility which meets the requirements of this Act and of regulations and standards there under.

Pursuant to Section 21(p)(1) of the Act, no person shall cause or allow the open dumping of any waste in a manner which results in any of the following occurrences at the dump site...litter.

A violation of Section 21(p)(1) is alleged because evidence that open dumping of waste was caused or allowed to occur and resulted in litter deposition on site was observed during the inspection.
