

ILLINOIS POLLUTION CONTROL BOARD
June 26, 1975

SKYWAY REALTY,

Petitioner,

v.

ENVIRONMENTAL PROTECTION AGENCY,

Respondent.

PCB 75-249

ORDER OF THE BOARD (by Mr. Dumelle):

Petition filed June 23, 1975 is inadequate in that the strength of the effluent from the Lansing sewage treatment plant is not given nor is a statement of the biological condition of the receiving stream. The Petition is not clear as to whether the sewer connection ban imposed by the Illinois Environmental Protection Agency is as a result of inadequate sewage treatment or inadequate hydraulic transport capacity. Furthermore, the date of the proposed connection of the Lansing sewer system to the Metropolitan Sanitary District of Greater Chicago is not given.

Petitioner shall amend the Petition within 21 days of the date of this Order to provide the needed information outlined above. Failure to timely file an Amended Petition shall render the Petition liable to dismissal for inadequacy. The 90-day decision period set by statute shall run from the date of filing the Amended Petition. A waiver of the decision date to conform to this schedule shall be filed with the Amended Petition.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 26th day of June, 1975 by a vote of 4-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
