ORDER OF THE BOARD (U. Choe):

On July 10, 2018, the Illinois Environmental Protection Agency (Agency) filed a recommendation that the Board certify certain facilities of Brummer Porkers (Brummer) as “pollution control facilities” for preferential tax treatment under the Property Tax Code. *See* 35 ILCS 200/11-5 *et seq.* (2016); 35 Ill. Adm. Code 125. Brummer’s livestock waste management facility is located at 19337 E. 200th Avenue in Dieterich, Effingham County. In this order, the Board describes the legal framework for tax certifications, discusses the Agency’s recommendation, and certifies that Brummer’s identified livestock waste management facilities are pollution control facilities.

LEGAL FRAMEWORK

Under the Property Tax Code, “[i]t is the policy of this State that pollution control facilities should be valued, at 33 1/3% of the fair cash value of their economic productivity to their owners.” 35 ILCS 200/11-5 (2016); *see also* 35 Ill. Adm. Code 125.200(a)(2). “For tax purposes, pollution control facilities shall be certified as such by the Pollution Control Board and shall be assessed by the Department [of Revenue].” 35 ILCS 200/11-20 (2016); *see also* 35 Ill. Adm. Code 125.200(a). Under the statute, the Board determines if the facilities are pollution control facilities; however, the Board is not authorized to assess a value of those facilities.

Under Section 125.202 of the Board’s procedural rules, a person may submit an application for tax certification to the Agency. *See* 35 Ill. Adm. Code 125.202. If the Agency receives a tax certification application, the Agency must file with the Board a recommendation on the application, unless the applicant withdraws the application. *See* 35 Ill. Adm. Code 125.204(a). Among other things, the Agency’s filing must recommend that the Board issue or deny tax certification. *See* 35 Ill. Adm. Code 125.204(a)(4). If the Board finds “that the claimed facility or relevant portion thereof is a pollution control facility . . . , the Pollution Control Board . . . shall enter a finding and issue a certificate to that effect.” 35 ILCS 200/11-25 (2016); *see also* 35 Ill. Adm. Code 125.216(a).

AGENCY RECOMMENDATION

The Agency states that it received a tax certification application from Brummer on December 20, 2017, which was supplemented on June 4, 2018.¹ Rec. at 1. On July 10, 2018, the Agency filed a recommendation with the Board, attaching Brummer's application (Rec. Exh. A). The Agency's recommendation identifies the facilities at issue:

[]livestock waste management facilities consisting of the following three buildings:

One concrete manure pit (approximately 210 ft. x 61.25 ft. x 9 ft. deep), the concrete slatted portion of the floor over the manure pit that captures and contains waste generated in the barn above, four pump out pits (each approximately 6 ft. x 6 ft. x 9 ft.) to allow manure removal from the manure pit, and a perimeter drainage tile (approximately 592 ft. x 4 in.) located around the footing of the manure pit to prevent flotation of the pit.

One concrete manure pit (approximately 210 ft. x 61.25 ft. x 10 ft. deep), the concrete slatted portion of the floor over the manure pit that captures and contains waste generated in the barn above, four pump out pits (each approximately 6 ft. x 6 ft. x 9 ft.) to allow manure removal from the manure pit, and a perimeter drainage tile (approximately 592 ft. x 4 in.) located around the footing of the manure pit to prevent flotation of the pit.

One concrete manure pit (approximately 150 ft. x 80 ft. x 8 ft. deep), the concrete slatted portion of the floor over the manure pit that captures and contains waste generated in the barn above, four pump out pits (each approximately 6 ft. x 6 ft. x 8 ft.) to allow manure removal from the manure pit, and a perimeter drainage tile (approximately 508 ft. x 4 in.) located around the footing of the manure pit to prevent flotation of the pit. Rec. at 1 and 2.

The Agency further describes the facilities being "used to collect, transport, and/or store livestock waste prior to cropland application." *Id.* at 2.

The Agency recommends that the Board certify that the livestock waste management facilities are pollution control facilities as defined in Section 11-10 of the Property Tax Code (35 ILCS 200/11-10 (2016)) with the "primary purpose of eliminating, preventing, or reducing water pollution." Rec. at 3; *see also* Rec. Exh. B page 2 (Agency technical memorandum).

TAX CERTIFICATE

Based upon the Agency's recommendation, Brummer's application, and the Board's technical review, the Board finds and certifies that Brummer's livestock waste management facilities identified in this order are pollution control facilities under the Property Tax Code (35 ILCS 200/11-10 (2016)). The Board makes no finding regarding the assessed value of those facilities. Under Section 11-25 of the Property Tax Code, the effective date of this certificate is

¹ The Agency's recommendation is cited as "Rec. at _."

“the date of application for the certificate or the date of the construction of the facility, which ever is later.” 35 ILCS 200/11-25 (2016); *see also* 35 Ill. Adm. Code 125.216(a). Section 125.216(d) of the Board’s procedural rules states that the Clerk “will provide the applicant and the Agency with a copy of the Board’s order setting forth *the Board’s findings and certificate, if any.*” 35 Ill. Adm. Code 125.216(d) (citing 35 ILCS 200/11-30 (2016)). The Clerk therefore will provide Brummer and the Agency with a copy of this order.

IT IS SO ORDERED.

Section 11-60 of the Property Tax Code provides that any applicant or holder aggrieved by the issuance, refusal to issue, denial, revocation, modification or restriction of a pollution control certificate or a low sulfur dioxide emission coal fueled device certificate may appeal the Board’s finding and order to the Circuit Court under the Administrative Review Law (735 ILCS 5/3-101 *et seq.* (2016)). *See* 35 ILCS 200/11-60 (2016). Filing a motion asking that the Board reconsider this final order is not a prerequisite to appealing the order. 35 Ill. Adm. Code 101.902.
