DISSENTING OPINION (by J.D. Dumelle):

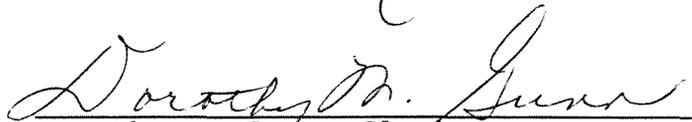

My reason for dissenting lies in the recent passage and signing of Public Act 86-1363 which became effective on September 7, 1990.

This Act authorizes the Board "to consider any matters of record" on five specific factors. Since the instant stipulation was executed before September 7, 1990 little or no information on these factors is in the record before the Board.

I would have remanded this stipulation to the parties to renegotiate in light of the additional factors in Public Act 86-1363.
