INTERIM ORDER (by Mr. Dumelle):

We have received a letter from Mssrs. Hanson and McDonald which appears to be a request for variance. We need the following additional information in order to treat the petition as being adequate: How many homes are affected; how many people reside in those homes; are septic tanks presently used; description of the septic tank effluent (odor, etc.); does it come to the surface or cause any problem; when would the sewer be built and connected to the Lake Bluff sewage plant.

The 90-day decision period will begin to run when we receive this additional information.

I, Christan Moffett, Clerk of the Pollution Control Board, certify that the Board adopted the above Interim Order this 12<sup>th</sup> day of December, 1972, by a vote of 4-0.

Christan L. Moffett
