Order of the Board (by Mr. Currie):

This petition requests an extension of deadlines for improvements in sewage treatment set by the Sanitary Water Board regulations. The only justification is that comprehensive planning is about to begin for the entire county. Even if this fact were proved at a hearing, it would not be an excuse for continuing water pollution. The petition is thus inadequate on its face and is dismissed without prejudice to the filing of a revised petition alleging sufficient facts to justify a variance.

I, Christan L. Moffett, Acting Clerk of the Pollution Control Board, certify that the Board adopted the above Order this 8th day of November, 1971.
