ORDER OF THE BOARD (by Mr. Marder)

Petition for Modification of Order, filed with the Board October 11, 1974, requesting that the pleadings be modified in PCB 74-11 to allow the Board to consider variance from Rule 3-3.112 of the Rules and Regulations governing Air Pollution for the Joliet, Sabrooke, and Waukegan stations, is denied. No data exists in the record of 74-11 as to the Joliet plant. There was no request by Edison to have Waukegan and Sabrooke covered by variance through May 31, 1975. Therefore, since the final Order has issued, the Board will not modify the pleadings in PCB 74-11.

The Board considers the pleadings in PCB 74-16 modified so as to request variance for Waukegan, Sabrooke, and Joliet from Rule 3-3.112. A decision on that matter will be forthcoming.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, certify that the above Order was adopted by the Board on the 24th day of October, 1974, by a vote of 5 to 0.
