Subject: PCB Docket 12-126 -- Don't Give Dynegy Permission to Pollute!

Jun 19, 2013

Illinois Pollution Control Board
IL

Dear Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 12-126) to let five coal plants violate Illinois air pollution limits for the next five years.

I believe that every Illinois citizen has the right to breathe clean air and to have a healthy community. Dynegy, in seeking to purchase five coal plants in Illinois, should be expected to play by the rules and comply with our state's air quality standards. For too long, the communities surrounding these plants have been negatively impacted by coal pollution. In 2006, when the Illinois Multi-Pollutant standard went into effect, people living near these plants expected things to improve. Please don't let Dynegy now violate that trust, by giving them permission to pollute our air.

Sincerely,

Kathy Mason
8230 S Whipple St
Chicago, IL 60652-3446

Dear Control Board,

Don't give Illinois coal plants a free pass to pollute. I urge you to reject the request (PCB 12-126) to let five coal plants violate Illinois air pollution limits for the next five years.

Absolutely unacceptable... no no no! I'm a mother of two, and am adamantly opposed to allowing this. Happy to discuss, feel free to call or write.

I believe that every Illinois citizen has the right to breathe clean air and to have a healthy community. Dynegy, in seeking to purchase five coal plants in Illinois, should be expected to play by the rules and comply with our state's air quality standards. For too long, the communities surrounding these plants have been negatively impacted by coal pollution.
