

ILLINOIS POLLUTION CONTROL BOARD
March 14, 1972

CITY OF ELMHURST)
)
)
 v.) # 71-389
)
)
 ENVIRONMENTAL PROTECTION AGENCY)

Opinion & Order of the Board (by Mr. Currie):

The City of Elmhurst petitioned for an extension of the SWB-14 date for completion of advanced treatment facilities at its sewage treatment plant. Since the petition was filed we adopted a new regulation, #R 71-14, March 7, 1972, which in view of changes in the applicable treatment requirements has set a new date for advanced treatment throughout the State. Since the City's program will bring it into compliance in advance of the new deadline, no variance appears necessary. The case is therefore moot and is hereby dismissed. If upon examination of the new regulations and consultation with the Agency there appears to be any need for Board action, a renewed petition may always be filed, and the relevant facts, or many of them, are already in the record.

I, Christan Moffett, Clerk of the Pollution Control Board, certify that the Board adopted the above Opinion & Order this 14 day of March, 1972, by a vote of 4-0.
