Order of the Board (by Mr. Currie):

These three petitions seek extensions of the sewage treatment deadlines set by the Sanitary Water Board. We have recently altered those regulations, adopting a December 1973 deadline for treatment beyond secondary. The petitions here were evidently drafted before that enactment (#R 71-14, March 7, 1972). We therefore ask the parties to reconsider their petitions in light of the changed regulations, and, if variances are still deemed necessary, to submit amended petitions within 20 days in accordance with the new regulations. If we do not hear from the petitioners within that time we shall assume their requests have become moot and dismiss them without prejudice.

I, Christan Moffett, Clerk of the Pollution Control Board, certify that the Board adopted the above Order this 14th day of March, 1972, by a vote of 4-0.
