ORDER OF THE BOARD ON MOTION FOR MODIFICATION OF ORDER (BY SAMUEL T. LAWTON, JR.):

Petitioner has moved for modification of this Board's Order entered November 28, 1972 herein, on the grounds, inter alia, that petitioner has no control over and cannot be held responsible for the actions taken by the North Shore Sanitary District with respect to the District's compliance with the State water pollution regulations. We believe the motion to be well founded, and it is hereby granted. This Board's November 28, 1972 Order is hereby amended to delete Paragraph 2 thereof, and to substitute the following:

2. "The North Shore Sanitary District certifies that, according to projections as to the level of treatment to be available in September, 1974, discharge of effluent from the North Chicago treatment plant including the added waste load from petitioner's development will meet the relevant standards of the water pollution regulations of the State of Illinois."

I, Christan Moffett, Clerk of the Illinois Pollution Control Board, certify that the above Order was adopted by the Board on the 16<sup>th</sup> day of January, 1973, by a vote of 3 to 0.
