Dear Mr. Constantelos:

The Illinois EPA has received the September 3, 2010 correspondence from Ms. Maria L. Race containing the revised hydrogeologic assessment plan for the above listed station. The Illinois EPA has reviewed and hereby approves the proposed plan with one modification, listed below. Please provide initial sample analysis results by March 31, 2011.

**Plan Modification:**

Proposed MW-09 shall be relocated, per discussions with Maria Race, as displayed on the aerial photograph provided by e-mail from Ms. Race on September 23, 2010. The revised map is attached for your information and will be filed with the original hydrogeologic assessment.
