)
v.) PCB 71-392
)
ENVIRONMENTAL PROTECTION AGENCY)

Harvey M. Sheldon for the Environmental Protection Agency

Modification of Order of the Board (by Mr. Aldrich):

On March 28, 1972, the Board issued an order granting a variance to Donald G. Nickel d/b/a Nickel Brothers Tree Service to burn approximately 120 tons of waste building material in an air curtain destructor in Winnebago County. One of the conditions to the variance was that burning be confined to the period from 10:00 a.m. to 4:00 p.m. in accordance with the recommendation of the Agency. Mr. Nickel requested an extension in the burning period citing the likelihood of less pollution as a result of fewer "start-ups" and longer periods of sustained efficient combustion.

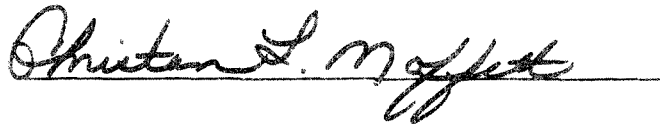

In response to Nickel's request, the Agency filed a SUPPLEMENTAL RECOMMENDATION containing new information showing the hours most favorable to smoke dispersion. In brief it is that pollutants emitted in the hours shortly after sunrise are soon dissipated whereas those introduced in late afternoon or early evening persist for a longer time. The Agency recommended that Nickel be allowed to burn as follows: 8:00 a.m. to 4:00 p.m. while Central Standard Time is in effect and 7:00 a.m. to 5:00 p.m. during the period of Daylight savings time.

We accept the recommendation of the Agency and hereby modify the condition of our previous order with respect to allowable time for burning covered in point number 2 of the Order.

ORDER

The allowable period for burning waste building lumber by Donald G. Nickel d/b/a Nickel Brothers Tree Service in an air curtain destructor is from 8:00 a.m. to 4:00 p.m. while Central Standard Time is in effect and from 7:00 a.m. to 5:00 p.m. while Daylight Savings time prevails.

I, Christan L. Moffett, Clerk of the Pollution Control Board, certify that the Board adopted the above Modified Order this 10th day of May, 1972 by a vote of 5-0.

A handwritten signature in cursive script, reading "Christan L. Moffett", is written over a horizontal line.
