ORDER OF THE BOARD (by Mr. Dumelle)

Petition filed August 9, 1973 is inadequate under the Board's Procedural Rule 401. This Rule states among other requirements that "an estimate of the quantity and type of contaminants discharged" shall be made. The petition does not give an estimate of the quantities of contaminants discharged.

The petition also gives no idea as to the proximity of the public to the facility in question and whether the contaminant discharges for which variance is petitioned does or will affect them.

Petitioner is ordered to amend the petition to supply the information needed to make it adequate under Rule 401 within 35 days from this date.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the day of August, 1973 by a vote of
