 ENVIRONMENTAL PROTECTION AGENCY )

ORDER OF THE BOARD (BY SAMUEL T. LAWTON, JR.)

Petition was filed by the Village of Palos Park requesting a variance of Rule 502 of Chapter 2, Part V, to permit the open burning of leaves within the village.

We find the petition inadequate to satisfy our procedural rules, but grant the village ten days in which to file a supplemental statement which should include the following:

1. What specific landfill facilities are available in the vicinity of the village and what ones have expressly declined to accept leaves;
2. What alternatives to open burning the village has considered;
3. Precisely what costs the village would incur in complying with the Regulation, particularly with respect to the purchase of equipment, and why air curtain destructors or comparable facilities would not be available.

The Agency shall file its recommendation within ten days from receipt of the additional information. The 90-day statutory period in which a variance must be granted will not run until receipt by the Board of the additional material to be submitted by petitioner.

IT IS SO ORDERED.

I, Christan Moffett, Clerk of the Illinois Pollution Control Board, certify that the above Order was adopted on the 13<sup>th</sup> day of September, 1972, by a vote of 4 to 0.
