**HEARING OFFICER ORDER**

On February 5, 2015, all parties participated in a telephonic status conference with the hearing officer. Discussions first centered on complainants' "Motion For Leave To Reply To Midwest Generation LLC's Response to Complainants' Second Motion For Leave To File Amended Complaint and Reply" filed on January 30, 2015. The respondent stated that it will not file a response.

Next, the parties agreed motion to revise the discovery schedule, filed February 4, 2015, was accepted and granted, including: all written discovery must be served on or before March 2, 2015; fact discovery must close on or before March 31, 2015; complainants' written expert witness report must be served on or before May 1, 2015; respondent's written expert witness report must be served on or before June 1, 2015; complainants' written expert witness reply must be served on or before June 22, 2015; depositions of expert witnesses shall begin no earlier than July 22, 2015, and be completed on or before September 22, 2015; dispositive motions must be filed on or before November 23, 2015.

Finally, it was noted in my last hearing officer order, dated January 15, 2015, that a "Motion For Entry Of Agreed Protective Order For Non-Disclosable Information" and an attached "Protective Order For Non-Disclosable Information" was filed on October 6, 2014. In support, the parties cite to Section 101.616(d) and Part 130 of the Board's procedural rules. The Board's procedural rules are not triggered, however, unless and until 'non-disclosable' information is filed with the Clerk of the Board. To date, there has been no such filing with the Board.

The parties or their legal representatives are directed to participate in a telephonic status conference with the hearing officer on April 23, 2015, at 11:30 a.m. The telephonic conference must be initiated by the complainants, but each party is nonetheless responsible for its own appearance. At the conference, the parties must be prepared to discuss the status of the above-captioned matter and their readiness for hearing.
