

ILLINOIS POLLUTION CONTROL BOARD
April 25, 1991

IN THE MATTER OF PETITION)
OF THE NORTH SHORE SANITARY) R86-3
DISTRICT TO AMEND 35 ILL.) (Site-Specific)
ADM. CODE 304.219)

ORDER OF THE BOARD (by B. Forcade):

On April 22, 1991 North Shore Sanitary District filed with the Board a filing entitled an "Amended Petition". The Petition states that the Petitioner filed the Petition "seeking the amendment of certain regulations". Specifically, the Petitioner is seeking to extend a date set forth in North Shore Sanitary District's site specific regulation relating to phosphorus discharges at 35 Ill. Adm. Code 304.219(c) from January 1, 1992 to May 31, 1993.

The Board's procedural rules at 35 Ill. Adm. Code 104 set forth the procedures to be followed when filing for variance from an existing rule. A review of this amended petition seems to indicate that the Petitioner should more properly file a variance petition with the Board. Therefore, the Board will not accept the filing of this Amended Petition.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 25th day of April, 1991, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
