February 7, 1991

IN THE MATTER OF: )  
 )  
PETITION OF USX CORPORATION ) R90-18  
FOR HAZARDOUS WASTE ) (Site-Specific  
DELISTING ) Rulemaking)

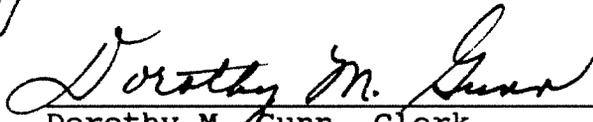

ORDER OF THE BOARD (by J. Anderson):

On November 29, 1990, the Board granted a six month extension of time in this site-specific rulemaking procedure because USX Corporation was advised that USEPA would reopen its file in this matter. The Board directed USX Corporation to submit a status report in two months indicating what action, if any, had been taken by USEPA. On January 18, 1991, USX Corporation filed a timely status report with the Board. The status report states that USX Corporation was told that its "petition is currently at the Office of General Council and is the second or third next petition on its agenda for action." The USEPA did not indicate to USX Corporation when final action would occur.

Since this docket will remain open, the Board directs USX Corporation to file a status report with the Board no later than April 8, 1991, indicating what action, if any, has been taken by USEPA.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 7th day of February, 1991, by a vote of 6-0.
