ORDER OF THE BOARD (BY SAMUEL T. LAWTON, JR.):

On petition for modification of Order entered October 3, 1972 and response to said petition filed by the Environmental Protection Agency on December 19, 1972, that our order of October 3, 1972 be modified as follows:

IT IS HEREBY ORDERED that the control program for cupola operation filed by South Side Foundry Company is hereby approved as follows:

Proposed control program filed by South Side Foundry Company in its petition for modification filed with the Board on November 2, 1972 is approved subject to the following terms and conditions:

- (a) South Side Foundry Company shall have its system in operation by June 30, 1973;
- (b) The Company shall submit monthly progress reports to Variance Department of the Environmental Protection Agency;
- (c) The company shall notify the variance section of the Environmental Protection Agency when:
 - (i) the control equipment and construction contracts are signed with copies sent to the Variance Section;

- (ii) the equipment is delivered on site;
- (iii) construction is started;
- (iv) start-up is scheduled.
- (d) Personal bond in the amount of \$10,000 shall be filed assuring completion of said program by June 30, 1973 in form satisfactory to the Board and the Agency. No security shall be required.
- (e) The Company shall apply for and receive all installation and operating permits as are required to pursue the program approved herein.
- (f) The Company shall furnish evidence to the Environmental Protection Agency that its outlet grain loading does not exceed .03 grains/SCF.
- (g) The Agency shall be notified of all source testing to be performed at least five days in advance thereof and copies of the entire test, including field data and test results shall be furnished to the Variance Section of the Environmental Protection Agency.

I, Christan Moffett, Clerk of the Illinois Pollution Control Board, certify that the above Order was adopted on the 16th day of January, 1973, by a vote of 3 to 0.

Christan I. Moffett
