Order of the Board (by Mr. Currie)

By order dated August 15, 1972, we directed Petitioner to file an amended petition for variance by September 1, 1972, providing additional information in support of its request for a variance from applicable standards during completion of improvements to its sewage treatment facility. Our earlier order clearly stated that in the absence of the filing of an amended petition by September 1, 1972 containing the requested additional information, the original petition would be dismissed. That date has now long since passed and no further information has been submitted by Petitioner. Therefore, the petition is hereby dismissed.

I, Christan Moffett, Clerk of the Pollution Control Board, certify that the Board adopted the above Order this 31st day of October, 1972, by a vote of 5-0.
