On March 28, 1974, the Pollution Control Board (Board) received from the Illinois Environmental Protection Agency (Agency) a Motion to further extend the comment period in this proceeding from March 31, 1974, to ten (10) days following the adoption of regulations in R 73-11, -12, National Pollutant Discharge Elimination System (NPDES). In support of its Motion, the Agency stated:

- "(1) The nature of the regulations, if any, which will be adopted to implement an NPDES program in Illinois, pursuant to Section 402(b) of the Federal Water Pollution Control Act Amendments of 1972, is uncertain.

IT IS SO ORDERED.
