ORDER OF THE BOARD (BY SAMUEL T. LAWTON, JR.):

On April 12, 1973, we entered an Order with respect to petitioner's variance from our sewer ban order of March 31, 1971, directing petitioner to furnish greater detail as to the unsuitability of his present septic system.

We have received a letter from the Lake County Health Department setting forth that continuation of petitioner's present septic system will create a health hazard and, accordingly, the petition for variance is allowed to enable Respondent to connect his property to facilities tributary to the Clavey Road sewage treatment plant.

IT IS SO ORDERED.

I, Christan Moffett, Clerk of the Pollution Control Board, certify that the above Order was adopted on the 10th day of May, 1973, by a vote of 4 to 0.
