Dorothy Lynn Clark

Illinois Pollution Control Board

Deny Marshall Lane

a place like this should be built in Country
for a waste transfer station to be here in this
heavily populated Area.

425 Units of Bright Oaks its like in my
back yard 1200 feet Away where I would smell
the garbage everyday And 600 trucks a day
And pollute our water,

plus on windy day garbage will be flying
around,

And what happens when truck gets on fire
that will cause more pollution,

And I would have to look at this building
every day.

And the other thing to drive out of Bright
Oaks on to Route 14 it would take for ever
cause of more trucks, more then now

Sincerely

Angela Bryant
