Subject: [External] Coal Ash
Date: Wednesday, September 23, 2020 12:44:38 PM

Dear Sir,

A recent article in the Chicago Tribune has brought the subject of toxic coal ash to light. It my understanding that the rules for the Coal Ash Pollution Prevention Act are in the process of being written and reviewed by the Illinois Pollution Control Board. Please inform me what action is being taken to remove and relocate existing toxic coal ash stores from Illinois power plants to high and dry ground, in lined impoundments and away from our rivers and lakes.

Sincerely,

Guy May
