

Electronic Filing: Received, Clerk's Office 10/27/2020 P.C. #102

From: [walthagaye leavitt](#)
To: [Brown, Don](#)
Subject: [External] Written Public Comment on Proposed Coal Ash Rules
Date: Tuesday, October 27, 2020 9:55:58 AM

I am a nurse and know and see the results of pollution coming from many sources. Many effects are not seen until years down the road. And it is not just to humans- all living things are effected which further impacts the air we breathe and the water that we drink.

Everyone needs to know about what is happening- to be informed. This should include those that don't speak English or are deaf. Equal rights for everyone!

Sincerely,
WalthaGaye Leavitt, RN,BSN
