 v.) PCB 88-172
) (Variance)
 ILLINOIS ENVIRONMENTAL)
 PROTECTION AGENCY,)
)
 Respondent.)

ORDER OF THE BOARD (by M. Nardulli):

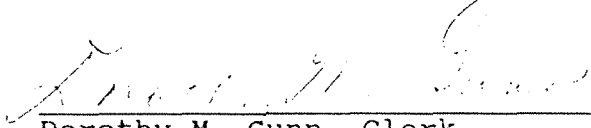

This matter comes before the Board on a "Motion to Modify Variance" filed September 13, 1990 by petitioner Allied-Signal, Inc. Allied seeks to modify an internal deadline of the variance granted to Allied by the Board's opinion and order of November 2, 1989.

In its opinion and order granting Allied its variance, the Board imposed a condition that within 120 days prior to the termination of the variance, Allied shall submit an engineering evaluation of the treatability of arsenic. Allied states in its motion that this report will not be available in time to meet the 120-day deadline of October 20, 1990 and asks that it be granted an extension of time to file the report on November 13, 1990. Allied notes that this extended deadline would make the report due 90 days prior to the end of the variance. Allied also states that the Agency has been notified of the motion and does not object to the extension.

The motion to modify the internal deadline set forth in paragraph 2 of the Board's order of November 2, 1989 is hereby granted. The November 2, 1989 order is modified so that the engineering evaluation is now due to be filed no later than November 19, 1990.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 27th day of September, 1990, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
