POLLUTION CONTROL BOARD

NOTICE OF ADOPTED AMENDMENTS

- 14) Are there any other rulemakings pending on this Part? No
- 15) Summary and Purpose of Rulemaking: IEPA reports that a source in the Metro East area intends to expand its aerospace facility so that it would become subject to general VOM emission limitations for miscellaneous metal parts and products coatings. However, IEPA cites guidance from the United States Environmental Protection Agency recognizing that these general limitations are not appropriate for aerospace applications. IEPA proposed rules to ensure that limits specifically applicable to aerospace operations are in place for the expected expansion.
