ORIGINAL

Re: Illinois Environmental Protection Agency v Donald Meyer
IEPA File No. 365-13-AC; 1258105015—Mason County

Dear Mr. Therriault:

Enclosed for filing with the Illinois Pollution Control Board, please find the original and nine true and correct copies of the Administrative Citation Package, consisting of the Administrative Citation, the inspector's Affidavit, and the inspector's Illinois Environmental Protection Agency Open Dump Inspection Checklist, issued to the above-referenced respondent(s).

On this date, a copy of the Administrative Citation Package was sent to the Respondent(s) via Certified Mail. As soon as I receive the return receipt, I will promptly file a copy with you, so that the Illinois Pollution Control Board may calculate the thirty-five (35) day appeal period for purposes of entering a default judgment in the event the Respondent(s) fails or elects not to file a petition for review contesting the Administrative Citation.

If you have any questions or concerns, please do not hesitate to contact me at the number above. Thank you for your cooperation.

Sincerely,

Michelle M. Ryan
Assistant Counsel

JURISDICTION

This Administrative Citation is issued pursuant to the authority vested in the Illinois Environmental Protection Agency by Section 31.1 of the Illinois Environmental Protection Act, 415 ILCS 5/31.1 (2010).

FACTS

1. That Donald Meyer is the current owner ("Respondent") of a facility located at 21186 County Road 1950 East in unincorporated Buzzville, Mason County, Illinois. The property is commonly known to the Illinois Environmental Protection Agency as Quiver Township/Meyer, Donald.
2. That said facility is designated with Site Code No. 1258105015.
3. That Respondent has owned said facility at all times pertinent hereto.
4. That on October 24, 2013, Mark Weber of the Illinois Environmental Protection Agency's ("Illinois EPA") Springfield Regional Office inspected the above-described facility. A copy of his inspection report setting forth the results of said inspection is attached hereto and made a part hereof.
5. That on 11-26-13, Illinois EPA sent this Administrative Citation via Certified Mail No. 7012 0470 0001 2973 9330.

VIOLATIONS

Based upon direct observations made by Mark Weber during the course of his October 24, 2013 inspection of the above-named facility, the Illinois Environmental Protection Agency has determined that Respondent has violated the Illinois Environmental Protection Act (hereinafter, the "Act") as follows:

- (1) That Respondent caused or allowed the open dumping of waste in a manner resulting in litter, a violation of Section 21(p)(1) of the Act, 415 ILCS 5/21(p)(1) (2010).

- (2) That Respondent caused or allowed water to accumulate in used or waste tires, a violation of Section 55(k)(1) of the Act, 415 ILCS 55(k)(1) (2010).

CIVIL PENALTY

Pursuant to Section 42(b)(4-5) of the Act, 415 ILCS 5/42(b)(4-5) (2010), Respondent is subject to a civil penalty of One Thousand Five Hundred Dollars (\$1,500.00) for each of the violations identified above, for a total of Three Thousand Dollars (\$3,000.00). If Respondent elects not to petition the Illinois Pollution Control Board, the statutory civil penalty specified above shall be due and payable no later than January 2, 2014, unless otherwise provided by order of the Illinois Pollution Control Board.

If Respondent elects to contest this Administrative Citation by petitioning the Illinois Pollution Control Board in accordance with Section 31.1 of the Act, 415 ILCS 5/31.1 (2010), and if the Illinois Pollution Control Board issues a finding of violation as alleged herein, after an adjudicatory hearing, Respondent shall be assessed the associated hearing costs incurred by the Illinois Environmental Protection Agency and the Illinois Pollution Control Board. Those hearing costs shall be assessed in addition to the One Thousand Five Hundred Dollar (\$1,500.00) statutory civil penalty for each

violation.

Pursuant to Section 31.1(d)(1) of the Act, 415 ILCS 5/31.1(d)(1) (2010), if Respondent fails to petition or elects not to petition the Illinois Pollution Control Board for review of this Administrative Citation within thirty-five (35) days of the date of service, the Illinois Pollution Control Board shall adopt a final order, which shall include this Administrative Citation and findings of violation as alleged herein, and shall impose the statutory civil penalty specified above.

When payment is made, Respondent's check shall be made payable to the Illinois Environmental Protection Trust Fund and mailed to the attention of Fiscal Services, Illinois Environmental Protection Agency, 1021 North Grand Avenue East, P.O. Box 19276, Springfield, Illinois 62794-9276. Along with payment, Respondent shall complete and return the enclosed Remittance Form to ensure proper documentation of payment.

If any civil penalty and/or hearing costs are not paid within the time prescribed by order of the Illinois Pollution Control Board, interest on said penalty and/or hearing costs shall be assessed against the Respondent from the date payment is due up to and including the date that payment is received. The Office of the Illinois Attorney General may be requested to initiate proceedings against Respondent in Circuit Court to collect said penalty and/or hearing costs, plus any interest accrued.

PROCEDURE FOR CONTESTING THIS
ADMINISTRATIVE CITATION

Respondent has the right to contest this Administrative Citation pursuant to and in accordance with Section 31.1 of the Act, 415 ILCS 5/31/1 (2010). If Respondent elects to contest this Administrative Citation, then Respondent shall file a signed Petition for Review, including a Notice of Filing, Certificate of Service, and Notice of Appearance, with the Clerk of the Illinois Pollution Control Board, State of Illinois Center, 100 West Randolph, Suite 11-500, Chicago, Illinois 60601. A copy of said Petition for Review shall be filed with the Illinois Environmental Protection Agency's Division of Legal Counsel at 1021 North Grand Avenue East, P.O. Box 19276, Springfield, Illinois 62794-9276. Section 31.1 of the Act provides that any Petition for Review shall be filed within thirty-five (35) days of the date of service of this Administrative Citation or the Illinois Pollution Control Board shall enter a default judgment against the Respondent.

IEPA DOCKET NO.

Affiant, Mark J. Weber, being first duly sworn, voluntarily deposes and states as follows:

1. Affiant is a field inspector employed by the Division of Land Pollution Control/Field Operations Section of the Illinois Environmental Protection Agency and has been so employed at all times pertinent hereto.
2. On October 24, 2013 between 10:40 AM and 11:00 AM, Affiant conducted an inspection of a disposal site operated without an Illinois Environmental Protection Agency permit, located in Mason County, Illinois, and known as Quiver Township/Meyer, Donald by the Illinois Environmental Protection Agency. Said site has been assigned site code number LPC# 1258105013 by the Illinois Environmental Protection Agency.
3. Affiant inspected said Quiver Township/Meyer, Donald open dump site by an on-site inspection, which included a walk through of the site and photo documentation of site conditions.
4. As a result of the activities referred to in paragraph 3 above, Affiant completed the Inspection Report form attached hereto and made a part hereof, which, to the best of Affiant's knowledge and belief, is an accurate representation of Affiant's observations and factual conclusions with respect to said Quiver Township/Meyer, Donald open dump.

**ILLINOIS ENVIRONMENTAL PROTECTION AGENCY
MEMORANDUM**

DATE: November 5, 2013
TO: BOL Division File
FROM: Mark Weber, DLPC/FOS – Springfield Region
SUBJECT: LPC# 1258105013 – Mason County
Quiver Township/Meyer, Donald
FOS File

On October 24, 2013 Mr. Mark Weber, Division of Land Pollution Control/Field Operation Section (DLPC/FOS) - Springfield Regional Office (SRO), conducted a re-inspection of the Meyer site (formerly known as the Lawrence site) in rural Mason County. The Meyer site is located at 21186 County Road 1950 East in unincorporated Buzzville, Illinois. The site was initially brought to the attention of the Illinois Environmental Protection Agency (IEPA) in 2006 via a complaint from the Mason County State's Attorney documenting open dumping at a number of different residential properties in this unincorporated area of Mason County near the Illinois River.

More specifically the Meyer site is located in Quiver Township approximately 7 miles northeast of Havana, Illinois. The open dumped wastes appear to be located on lots 10 and 11 of a Subdivision known as Buzzville, which is part of the Southeast Quarter (SE ¼) of the Southwest Quarter (SW ¼) of Section 10, Township 22 North, Range 8 West of the Third Principal Meridian, County of Mason, State of Illinois. The legal description was derived from a Warranty Deed filed with the Mason County Recorder's Office on February 24, 2011. The owner on the 2011 Warranty Deed is listed as Mr. Donald Meyer. The mailing address provided for Mr. Meyer on the deed was given as 1212 Ann Eliza Street in Pekin, Illinois. The property was owned by Ms. Lori Lawrence at the time of the 2006 complaint inspection. Mr. Meyer bought the property from Mr. Charles Bellemey. It is unclear when Mr. Bellemey actually took title to the property. Please refer to the attached aerial photograph for a depiction of the site location.

Three separate Administrative Citation Warning Notifications (ACWNs) have been sent out in the past to the aforementioned property owners due to the fact that the property ownership status had changed since the initial complaint inspection conducted in 2006. The latest ACWN dated October 14, 2011 was sent to Mr. Meyer giving him a deadline of December 31, 2011 to complete site cleanup. Violations of the Illinois Environmental Protection Act cited in the ACWN included Sections: 9(a), 9(c), 21(a), 21(d)(1), 21(d)(2), 21(e), 21(p)(1), 21(p)(3), and 55(a)(1). An apparent violation of the Regulation, 35 Illinois Administrative Code 812.101(a) was also cited. To date the SRO has not been provided with a written response, receipts, or any other form of documentation from Mr.

Meyer indicating that the wastes had been properly disposed of per the conditions of the ACWN.

October 24, 2013 Re-Inspection

The IEPA inspector arrived at the Meyer site at roughly 1040 hours on October 24, 2013. The temperature was approximately 40° Fahrenheit. Skies were partly cloudy with a 10 mile per hour northwest wind. Site soil conditions were dry. The site is surrounded on three sides by other residential properties. A large agricultural property is located to the east of the site across County Road 1950 East.

The property was vacant at the time of the IEPA inspection and there was no site representative present. There is a residence at the property, but it has clearly been abandoned for a number of years. The home is in a state of complete disrepair. All of the windows have been broken out, the roof is collapsing, the interior of the home has been completely vandalized, and there is unchecked vegetative growth in the yard. There is an outbuilding located at the rear of the residence that is in about the same state of deterioration as the residence. While the property appears to have been abandoned since the initial 2006 complaint inspection, it is clear that the overall condition has worsened from then until now.

Access to the entire site is completely unrestricted and solid wastes are dumped all around the property. In the past there had been open dumped wastes located in a bin on the property. The bin and the wastes have been removed. There is a significant volume of waste dumped in the garage attached to the residence. There is no garage door in place to discourage the fly dumping of wastes into the garage. Some of the wastes have been dumped on the ground near the entrance to the garage as well. There is also a cement block lined pit located on the property into which assorted wastes have been open dumped. It is unclear why the pit was constructed, but it is likely the location of either a private well or sand point.

Open dumped wastes located on-site are composed of mixed metals, vinyl siding, furniture, dimensional lumber, glass, paper, plastics, insulation, bags of household refuse, covered electronic devices (CEDs), and polyvinyl chloride (PVC) pipe. There are approximately 25 off rim tires located on-site as well, some of which were observed to have been allowed to accumulate water. Excluding the used tires the total volume of waste located on-site is estimated at 40 cubic yards. Please refer to the attached photographs for a depiction of site conditions as they existed during the October 24, 2013 re-inspection.

Photograph #1 is of a tarp and some of the off rim used tires that have been open dumped at the Meyer site.

Photograph #2 shows an off rim used tire that has been allowed to accumulate water.

Photograph #3 depicts off rim used tires, paper, plastics, covered electronic devices, and mixed metals dumped in the garage at the Meyer site. The garage has no overhead door. Access is completely unrestricted.

Photograph #4 provides another view of some of the off rim used tires, paper, plastics, CED's and mixed metals dumped in the garage. It is clear from this photo that some of the wastes have been dumped near the entrance to the garage.

Photograph #5 shows CEDs, paper, plastics, insulation, PVC pipe, and used tires located in the garage. Some of the wastes have been dumped on the ground near the entrance to the garage.

Photograph #6 depicts some more off the off rim used tires open dumped on-site.

Photograph #7 is of dimensional lumber, plastics, and vinyl siding open dumped on-site.

Photograph #8 shows some of the off rim used tires and vinyl siding open dumped on-site.

Photograph #9 provides a view of the vandalized interior of the residence at the Meyer site. The roof has partially collapsed.

Photograph #10 gives a view of the pit located on-site into which wastes have been open dumped. This may have been the location of the well.

Photograph #11 is of an outbuilding on the property which has partially collapsed.

Photograph #12 shows the dilapidated exterior of the residence. All of the windows have been broken out.

The October 24, 2013 re-inspection of the Meyer site was conducted in order to determine if violations cited in the October 14, 2011 ACWN had been addressed. The IEPA inspector observed and documented that violations of the Illinois Environmental Protection Act cited in the 2011 ACWN do indeed persist. Violations of the Act that were observed during the re-inspection include Sections: 21(a), 21(d)(1), 21(d)(2), 21(e), 21(p)(1), 55(a)(1), and 55(k)(1). An apparent violation of the Regulations, 35 Illinois Administrative Code (IAC) Section 812.101(a) persists as well. Refer to the attached Open Dump Checklist for additional information.

The IEPA inspector left the Meyer site at approximately 1100 hours to conduct other inspections in Mason County.
