MOTION TO VOLUNTARILY DISMISS

Petitioner Illinois Power Generating Company (“IPGC”), by and through its attorneys, SCHIFF HARDIN LLP, pursuant to 35 Ill. Adm. Code 101.500 of the Illinois Pollution Control Board’s (“Board’s”) procedural rules (35 Ill. Adm. Code 101.500) and asks the Board to dismiss this National Pollutant Discharge Elimination System (“NPDES”) permit appeal, stating as follows:

1. On May 10, 2018, IEPA issued NPDES Permit No. IL0000108 to Illinois Power Generating Company for Coffeen Power Station (“Coffeen NPDES Permit”).
2. On June 13, 2018, Petitioner filed a Petition for Review challenging certain conditions of the Coffeen NPDES Permit and Motion to Stay.
3. The Board stayed the effectiveness of the challenged conditions of the NPDES Permit pending the final resolution of the appeal.
4. On April 21, 2021, IEPA issued a modified version of the NPDES Permit, pursuant to agreement of the parties that addressed the issues raised in the appeal.

WHEREFORE, Petitioner IPGC respectfully requests that the Illinois Pollution Control Board dismiss this matter and close the docket.
