#### Narrative

On November 26, 2003, I (Jeff Port) performed a follow-up inspection at the Rosemary Pehm property located on the west side of Route 29, approximately 3 miles south of the junction of Route 18 and Route 29 in Henry. The purpose of this inspection was to determine if compliance had been achieved with respect to the August 9, 2001 Administrative Citation Warning Notice (ACWN). The notice was sent in response to a June 28, 2001 complaint investigation (Complaint Number C-01-039-P). On September 14, 2001, the Agency sent an ACWN compliance proposal acceptance letter, to the property owner, Rose Mary Pehm. This letter was in response to correspondence from Mrs. Pehm, received by the Agency on August 30, 2001. Based upon a March 22, 2002, follow-up inspection, a continuing violations letter dated April 5, 2002 was sent to Mrs. Pehm. An additional follow-up inspection was performed on November 26, 2002. Based upon that inspection, a continuing violations letter dated December 9, 2002 was sent to Mrs. Pehm.

I arrived at the northern dump site at approximately 9:48 AM. I was accompanied by R. Eugene Figge, DLPC/FOS-Peoria. The weather was sunny and cold, approximately 35 °F. No one was present at this location. I observed a pile of waste dumped at the entrance to the site. This pile was not present during the previous inspection. Photograph P1 shows this pile. Photographs P2 through P11 show the other piles of waste present at the site. The waste material included landscape waste, construction and demolition debris, an old bathtub, an old computer, scrap metal, white goods, and assorted domestic waste.

From this site, we proceeded south on Route 29 to the Pehm's residences. I approached Ms. Pehm's trailer and knocked on the door. A woman answered the door. I asked to speak with Mrs. Pehm. The woman said the Mrs. Pehm was not home. The woman said that her name was Patty Aneston. I explained that I was following up on the clean up of the property. Ms. Aneston said that they had been working on getting it cleaned up. I pointed out that it appeared that more waste had been burned at the site as evident of the large pile to the north of the trailer. Photographs P13 through P23 show the waste in and around the burn pile. It appeared that a mobile home had been burned, as a twisted metal frame was present. It appeared that the tires had been left on the trailer and had been burned. Various types of waste were present here. They included scrap metal, demolition debris, white goods, landscape waste, and domestic waste. Photograph P24 shows a pile of demolition debris near Mrs. Pehm's trailer.

After photographing this area, we proceeded to Fred Pehm's trailer. Photograph P25 shows a ditch filled with water that appeared to be coming from Mr. Pehm's trailer. Piping led from the trailer to the ditch. A backhoe was observed adjacent to the ditch. Photographs P26 through P28 show waste around the ditch. Photograph P29 shows a burn area where it appeared that domestic waste had been burned.

As we were leaving the site, a car approached. Mr. Pehm and Ms. Williams exited the car. Mr. Figge and I explained that we were following up on the clean up of the site. Mr. Pehm appeared angered and told us to leave the property. We began to enter our vehicle and Mr. Pehm

approached us to talk. He said that he had recently had knee surgery and was having problems getting around. He said that they had been attempting to clean up the site. I told Mr. Pehm that it appeared that more waste was being burned. Mr. Pehm went on to say that he knew of several people that were burning their waste. I told Mr. Pehm that we would be willing to investigate his complaints. Mr. Pehm stated that people were continuing to dump at the area north of the trailers. He said that he had contacted the police but no one was willing to help him. Ms. Williams asked what else needed to be done at the site. I told her that they needed to stop the burning and that the waste needed to be cleaned up and taken to a landfill. Mr. Pehm said that he didn't have the money to clean up the site. I explained to Mr. Pehm that it had been over two years since my initial inspection and that the violations I observed originally were still continuing. After further discussion with Mr. Pehm and Ms. Williams, we left the site at 10:20 AM.

Photograph locations are depicted on the attached site map. Based upon this inspection, the following apparent violations were found to be continuing and are indicated on the accompanying checklist.
