PYRAMID MOBILE ESTATES)

71-154

Supplemental Order:

Pyramid's petition for a variance to allow a new sewer connection to overloaded facilities in Mattoon was denied September 16. We have received a motion for stay pending judicial review. Such a stay would defeat the whole purpose of the order by allowing the connection. Moreover, the motion appears to be based in part upon a misconception as to the Board's proceeding #R 71-19, which is not a rehearing of the City of Mattoon case and which does not in any way suspend the operation of the sewer ban. The motion for stay is denied.

I, Regina E. Ryan, Clerk of the Pollution Control Board, certify that the Board adopted the above Supplemental Order this 12 day of October, 1971.
