PROTECTION AGENCY)
)
Respondent.)

ORDER OF THE BOARD (by M. Nardulli):

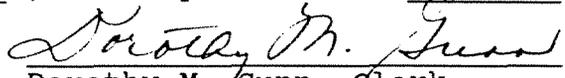

This matter comes before the Board on a letter written by Shirley Watson on behalf of the Concerned Citizens Group (Group) dated November 9, 1990. This letter concerns the Board's October 25, 1990 Opinion and Order in the above-named permit appeal wherein the Board upheld the Illinois Environmental Protection Agency's (Agency) denial of two permit applications filed by Centralia Environmental Services, Inc. (Centralia), but found that six of the eight denial reasons given by the Agency to be insufficient bases for denial.

The Concerned Citizens Group has no standing to seek reconsideration of the Board's decision in this matter as the Group was not a party in this permit appeal; any motion for reconsideration must be filed by either Centralia or the Agency. The Board notes, however, that its opinion addresses several of the concerns raised in the Group's letter in that the opinion explains that many of the denial reasons were found to be insufficient because the Agency improperly used the permit process as a substitute for enforcement.

The Group notes that the Board's opinion incorrectly states that no members of the public attended the hearings held in December of 1989. The Group is correct and the Board will correct this error so that the opinion correctly reflects the public's participation at the hearings. This correction will be made either in a Board order in response to a properly filed motion for reconsideration or by an errata issued by the Board.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois pollution Control board, hereby certify that the above Order was adopted on the 29th day of November, 1990 by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
